

# How It Works

We are developing **proprietary productivity app to users** to prompt the most needed information of their connections, memories and legacies through an intuitive AI interface.

1

## Manage communications

secure messaging, calls, video

2

## Manage Circles

friends, families, work etc

3

## Manage memories

notes, photos, videos

4

## Manage family tree connections

connected tree with the rest of the family

5

## Unified AI interface
